Using this book

Why was this book written?

It was written to help you take your knowledge of phrasal verbs to a more advanced level. It is intended for students who already have at least an upper intermediate level of English. Many of you will have already worked with *English Phrasal Verbs in Use Intermediate* and this book builds on the work done there. However, it does not matter if you have gained your knowledge of phrasal verbs in a different way. We do not assume that you have used *English Phrasal Verbs in Use Intermediate*, although we do present and practise either different phrasal verbs in this book or, occasionally, more advanced uses of verbs that were presented in the lower level book.

How were the phrasal verbs in this book selected?

The approximately 1,000 phrasal verbs and related nouns and adjectives which are presented in this book were mainly selected from those identified as significant by the CANCODE corpus of spoken English developed at the University of Nottingham in association with Cambridge University Press, and the Cambridge International Corpus (now known as the Cambridge English Corpus) of written and spoken English. The phrasal verbs selected are accordingly also to be found in the *Cambridge Dictionary* online by going to the following website: <http://dictionary.cambridge.org>

How is the book organised?

The book has 60 two-page units. The left-hand page explains the phrasal verbs that are presented in the unit. You will usually find an explanation of the meaning of the phrasal verb, an example of it in use and, where appropriate, some comments on when and how it is used. The exercises on the right-hand page check that you have understood the information on the left-hand page and give you practice in using the material presented.

The units are organised into different sections.

First we start with important information about phrasal verbs in general (Units 1–4): what they are, how their grammar works and so on. We strongly recommend that you do these units first.

The next section looks at some interesting aspects of more advanced phrasal verbs, dealing with such important issues as collocation, register and metaphor. As these are themes that are returned to throughout the book, it is a good idea to work through these units before progressing to other more specific units.

After these two introductory sections, there is a section dealing with some of the most common particles used in forming phrasal verbs. Working on these units will help you to gain a feeling for the force of these particles and will help you have a feeling for the meaning of a phrasal verb you are meeting for the first time.

The next two sections deal with Concepts (e.g. Time) and Functions (e.g. Arranging things). These sections are followed by a large number of topic-based units focusing on different aspects of Work, Personal life and The world around us.

The final section looks at some of the most common verbs which are used to form phrasal verbs.

The book has a key to all the exercises so that you can check your answers. At the back of the book you will also find a useful Mini dictionary. This provides clear definitions of all the phrasal verbs and related noun and adjective forms that appear in this book. The Mini dictionary also indicates the unit number where you can find a particular phrasal verb.

How should I use this book?

It is strongly recommended that you work through Units 1–4 first so that you become familiar with the way phrasal verbs (and their associated nouns and adjectives) operate and with the terminology that is used in the rest of the book. Then we suggest that you move on to Units 5–8 and after that you may work on the units in any order that suits you.

What else do I need in order to work with this book?

You need a notebook or file so that you can write down the phrasal verbs that you study in the book as well as any others that you come across elsewhere.

You also need to have access to a good dictionary. We strongly recommend the *Cambridge Phrasal Verbs Dictionary* as this gives you exactly the kind of information that you need to have about phrasal verbs. Your teacher, however, may also be able to recommend other dictionaries that you may find useful.

So all that remains is to say **Go for it!** (Unit 30). We hope you'll find this an enjoyable as well as a useful way to keep up and extend your knowledge of English phrasal verbs in use.

Phrasal verbs: what are they and how are they used?

A

What are phrasal verbs?

Phrasal verbs are verbs that consist of a verb and a particle (a preposition or adverb) or a verb and two particles (an adverb *and* a preposition, as in **get on with** or **look forward to**). They are identified by their grammar (more about that in Unit 2), but it is probably best to think of them as individual vocabulary items, to be learnt in phrases or chunks. They often – but not always – have a one-word equivalent. For example, you can **come across** a new phrasal verb or you can **encounter** it. You can **pick up** a language or you can **acquire** it. **Come across** and **pick up** sound less literary or formal than **encounter** or **acquire**.

B

Why are phrasal verbs important?

Phrasal verbs are extremely common in English. They are found in a wide variety of contexts. You may have noticed them in songs, for example the Beatles' *I'll get by with a little help from my friends* or *Roll over Beethoven*, Bob Marley's *Get up, stand up* and Red Hot Chili Peppers' *Knock me down*. You find them in film titles such as *The Empire Strikes Back*, *Spirited Away*, *Along Came Polly* or *Cast Away*. They are very frequent in newspaper headlines. Here are just a few examples:

Country's misplaced pride
holds back its democracy

Cricket: England
holds out for a draw

Inquiry points
to a **cover-up**

Turner **adds up** likely cost of pensions

Phrasal verbs are common in less formal English, but you will also hear or see and need to use them in more formal contexts. Register is discussed in more detail in Unit 6.

C

Which phrasal verbs does this book deal with?

This book is based on information gained from the Cambridge International Corpus (a huge computerised database of present-day English) about phrasal verbs and how they are used in contemporary English. It focuses on phrasal verbs more advanced students need to know – but in general does not deal with the verbs in the lower level *English Phrasal Verbs in Use Intermediate*. It includes phrasal nouns such as **standby** or **onset** (see Unit 3) and phrasal adjectives such as **outgoing** or **worn out** (see Unit 4).

D

What can I do to help myself master phrasal verbs?

Try to think positively about them! And, now you are at a more advanced level, try not just to understand them but also to use them in your own speaking and writing.

Keep an eye open for them whenever you are reading anything in English and make a note of any interesting ones you find. Write them down in a complete phrase or a sentence to fix in your mind how they are used.

Be aware that one of the special features of phrasal verbs is that some of them have many different meanings – for example, you can **pick** something **up** from the floor, you can **pick up** a language or bad habits, the weather can **pick up**, you can **pick up** a bargain, a radio can **pick up** a signal, the economy can **pick up**, you can **pick up** a story where you left it, you can **pick** someone **up** in your car. Sometimes the meanings are clearly related, some being more literal and some more metaphorical. Unit 7 deals with this in more detail.

In this book we may not present all the meanings of the verbs that are included. You may find others in *English Phrasal Verbs in Use Intermediate* and there are still more in the *Cambridge Phrasal Verbs Dictionary*.

Exercises

1.1 Underline the phrasal verbs in these texts. Remember the particle or preposition may not be immediately next to the verb.

- 1 I decided to take up gardening, so I took out a subscription to a gardening magazine and read up on the subject. I found out so many interesting things, such as the best time to plant flowers out for the summer and how to grow vegetables. I've really got into it now and spend hours in the garden every weekend.
- 2 The other day we went off on a hike in the mountains. We put our wet-weather gear on as the weather forecast wasn't good. We set off early to avoid the rush hour and soon reached the starting point for our walk. The whole walk took about four hours, and when we got back we were exhausted.
- 3 I have to catch up on my coursework this weekend as I've fallen behind a bit. I worked on it till midnight last night, but I still have loads to do. I have to hand one essay in on Tuesday and another one on Friday. I'm not sure whether I'll make it, but I'll try.

1.2 Choose the correct particle to finish these song titles.

- 1 Can't get you *off from* / *out of* / *away from* my head (Kylie Minogue)
- 2 Hold you *against* / *down* / *at* (Jennifer Lopez)
- 3 We can work it *with* / *across* / *out* (The Beatles)
- 4 Send *from* / *in* / *with* the clowns (Barbra Streisand)

1.3 Complete the sentences in the right-hand column with a phrasal noun or adjective based on the phrasal verbs in the left-hand column. Use a dictionary if necessary, and remember that the particle may come at the beginning or end of the noun or adjective.

dictionary.cambridge.org

1	The school took in some outstanding students last year.	Last year's included some outstanding students.
2	Some prisoners broke out of the local prison last night.	There was a(n) at the local prison last night.
3	It was an experience that put everyone off.	It was a(n) experience.
4	She always speaks out and gives her opinion.	She is very
5	A lorry which had broken down was blocking the road.	A lorry was blocking the road.

1.4 Match the headlines with the sentences from the stories.

- 1 **BIG SHAKE-UP EXPECTED IN EDUCATION**
- 2 **MINISTER DENIES COVER-UP**
- 3 **LOCKOUT CONTINUES AT AVIATION PLANT**
- 4 **BREAKAWAY GROUP TO FORM NEW PARTY**
- 5 **POWER PLANT SHUTDOWN LEAVES 5,000 HOMES IN DARKNESS**

- a) The dispute is now in its fifth week.
- b) Unity was no longer possible, a spokesperson said.
- c) The event happened at 7.45 p.m. with no warning.
- d) There will be major changes at all levels.
- e) There was no attempt to hide the truth, claimed Pamela Harding.

A

Phrasal verbs with and without objects

Some phrasal verbs take an object (transitive); others do not take an object (intransitive).

with object (transitive)	no object (intransitive)
They're knocking down the old hotel.	The path branched off ¹ to the river.
The plumber soon sorted out the shower problem.	The noise of the train died away .
She tied her hair back so she could swim faster.	In the winter the lake froze over .

¹ if a road or path branches off, it goes in another direction

Some verbs can be used both with and without an object, but the meaning may change. Use the context to decide if the verb has a different meaning from the one you are familiar with.

Polly and Beth were so clever the teacher **moved** them **up** to a higher class. (with object)

Polly and Beth **moved up** to a higher class. (no object = same meaning)

I can **drop** you **off** at the station. (with object = drive you somewhere and leave you there)

I was sitting in the armchair and I **dropped off**. (no object = fell asleep, different meaning)

Some verbs must have two objects, one after the verb and one after the particle.

I always **associate** that song with our holiday in Jamaica.

Playing tennis for three hours every evening after school **deprived** her of her youth.

B

Position of the object

In many cases, the particle may come before or after the object.

The teacher **marked** the student **down** / **marked down** the student because her bibliography wasn't up to standard.

Very long objects usually come after the particle.

The accident **cut off** domestic and industrial water and electricity supplies.

When the object is a personal pronoun, the pronoun always comes before the particle.

noun object	personal pronoun object
I picked my parents up / picked up my parents and drove them to the airport.	I'll pick you up at 5.30. (Not: I'll pick up you at 5.30.)

Some verbs (sometimes called prepositional verbs) must have the object after the particle, even if it is a pronoun. A good dictionary will tell you if this is so.

We've had to **contend with** a lot of problems lately. (Not: **contend** a lot of problems **with**)
[deal with a difficult or unpleasant situation]

You probably already know some of these verbs (**look for**, **look after**, **cope with**).

C

Three-part verbs

Some phrasal verbs have three parts – the verb and two particles. The object comes last.

I will not **put up with** such bad behaviour. [tolerate]

Other examples include **look forward to**, **look down on**, **get on with**, **catch up on** [do something you did not have time to do earlier], **face up to** [accept that a difficult or unpleasant situation exists].

Exercises

2.1 Look at A. Do these sentences need an object? If they do, add an appropriate one in the correct place.

EXAMPLE Last summer we knocked down.

Yes. *Knock down* is transitive; it needs an object.

Last summer we knocked down the old shed in our garden.

- 1 The sound of the violin slowly died away.
- 2 If you're ready to leave now, I can drop off at your office.
- 3 The river in St Petersburg freezes over for several months each year.
- 4 My son is so good at English that I think the teacher should move up to the advanced class.
- 5 I associate with that evening we spent together in Rome.
- 6 I was so tired that I dropped off in front of the TV.

2.2 Put the words in the correct order to make sentences. If you can do it in two different ways, then do so.

- 1 pick / off / you / work / the / I / and / can / at / you / from / airport / up / drop / then
- 2 from / that / put / teacher / she / The / not / would / said / with / such / up / class / rudeness / her
- 3 villages / The / off / several / have / mountains / in / cut / the / floods
- 4 your / doesn't / the / improve / down / If / will / spelling / mark / examiners / you
- 5 always / Margot / to / with / all / seems / her / cheerfully / problems / cope

2.3 Rewrite each sentence using the verb in brackets in an appropriate form.

- 1 I'll have to ask my daughter to get my Internet connection working. (SORT)
- 2 I was so tired after work that I fell asleep in the train on the way home. (DROP)
- 3 I was given a lower mark because my essay was over the word limit. (MARK)
- 4 Jason has no right to despise me – he's no better than I am. (LOOK)
- 5 Lara doesn't have a good relationship with one of her flatmates. (GET)
- 6 You have to accept the fact that you will probably never see each other again. (FACE)
- 7 Maria has got a new job taking care of an old lady. (LOOK)
- 8 If you don't let the children get enough sleep, they won't be able to concentrate at school. (DEPRIVE)
- 9 In Lapland we had to manage in some difficult driving conditions. (CONTEND)
- 10 The road to our house leaves the main road just after the service station. (BRANCH)

2.4 Write answers to these questions using the phrasal verb in brackets.

- 1 What are your plans for the summer holidays? (LOOK FORWARD TO)
- 2 What homework have you got to do this weekend? (CATCH UP ON)
- 3 If you've been away somewhere by train and arrive back late, how do you usually get home from the station? (PICK UP)
- 4 What is your favourite album and why do you like it? (ASSOCIATE WITH)
- 5 What sorts of things make you feel stressed? (CONTEND WITH)
- 6 How easy do you find it to fall asleep at night? (DROP OFF)

Over to you

Look up these verbs in your dictionary: *associate with*, *deprive of*, *contend with* and *face up to*. How does your dictionary give information about the structures that these verbs require? What nouns do these verbs typically combine with according to the examples in your dictionary?

A

What are phrasal nouns?

Like phrasal verbs, phrasal nouns consist of a verb combined with a particle. The particle may come before or after the verb.

phrasal noun	meaning	example
standby	ready to be used if necessary	My wife's a pilot and she's on standby over the weekend. We're keeping the old equipment as a standby , in case of emergencies.
letdown	disappointment	I had been looking forward to the concert for weeks, but it turned out to be a terrible letdown .
back-up	support	Nicholas can provide technical back-up if you need it.
warm-up	preparation	The comedian who did the warm-up for the studio audience before the TV programme started was excellent.
onset	start (of something unpleasant)	The match was halted by the onset of torrential rain.
input	contribution	Try to come to the meeting – we'd value your input .
overkill	more of something than is needed	Shall I add some more decorations to the cake or would that be overkill ?

Some such nouns have a corresponding phrasal verb, but some don't. For example, there is no phrasal verb **to kill over**. The phrasal verb **set on** exists but it means attack. The verb related to **onset** is **set in**: We couldn't continue playing after the rain **set in**.

If the particle is in first place, then the phrasal noun is never written with a hyphen. If the particle comes second, then there is sometimes a hyphen between the two parts of the phrasal noun, particularly if that particle is *in* or *up* or if the phrasal noun is relatively infrequent, e.g. **walk-on** [small part, with no words, in a play], **stand-off**.

B

When are phrasal nouns used?

Phrasal nouns are used frequently in newspapers and informal conversation.

STOWAWAY¹ FOUND ON PLANE

STAND-OFF² IN TRADE TALKS

WALKOUT³ AT CAR FACTORY

SINGER STAGES A COMEBACK

BREAKDOWN IN STRIKE TALKS

MANAGEMENT BUYOUT FOR HIGH STREET CHAIN

HELP FOR BUSINESS START-UPS

MILITARY BUILD-UP⁴ CONTINUES

¹ person hiding in order to travel

² failure to reach agreement

³ strike

⁴ increase in size or strength

Annie Who do you think will get the job – Paul or Elsa?

Finn I don't know. It's a **toss-up**. [(informal) both seem equally likely]

Lily Did you have a good time at football last night?

David Yes, but we didn't have a real game, just a **knockabout**.

Tip

The stress is on the first syllable in these nouns regardless of whether this is the verb or the particle.

Exercises

3.1 Complete these sentences using a phrasal noun from A opposite.

- 1 The of winter meant that there was less food for the animals and birds.
- 2 I thought having a 45-piece orchestra at their wedding really was personally.
- 3 The police officer radioed for before entering the bank.
- 4 Let's ask Joel what he thinks. I always find his very useful in these matters.
- 5 TV producers find that studio audiences react better if they have a to watch before a live programme.
- 6 Our holiday in the Mediterranean was a bit of a The hotel was second-rate and the food was awful.
- 7 Although Cameron usually rides his new road bike to school now, he's kept his old bike as a

3.2 Rewrite these sentences, starting with the cues given, using phrasal nouns from the opposite page instead of the underlined words.

- 1 Two men who had stowed away in the container were arrested when police opened it.
The police opened the container and
- 2 Negotiations with union members broke down after a couple of hours.
There was a
- 3 The management bought out the company in 2014.
There was a
- 4 Last night all the workers walked out and the factory was forced to close.
There was a
- 5 Military forces are continuing to build up on both sides of the border.
The military

3.3 Correct the mistakes with the phrasal nouns in these sentences.

- 1 There has been a stand-up for several days now in the talks between the government and the rebels. Neither side will make any concessions.
- 2 Last year there were 15,000 new Internet business start-offs, most of which only survived for a few months.
- 3 After years without releasing an album, Madeleine Flame has staged a comeagain with her new collection of love songs.

4 Holly Have you decided where you're going this summer?

Flora Not really. It's a toss-over whether it'll be Italy or Greece.

- 5 I met Nasser and we just had a knockover on the college football pitch for half an hour.

3.4 Choose the correct phrasal noun in each sentence. Use a dictionary if necessary.

- 1 *Putout / Output* has increased this year and the factory is doing well.
- 2 One of the robbers acted as *lookout / outlook* while the others robbed the bank.
- 3 There was a sudden *pourdown / downpour* and we all got very wet.
- 4 The *breakout / outbreak* of war in 1914 changed Europe for ever.
- 5 *Lift-off / Off-lift* is scheduled for 07.00 on Friday and the astronauts will arrive at the space station later that day.
- 6 There was a *break-in / an in-break* at our office last night. Two computers were stolen.

4

Phrasal adjectives

Some phrasal verbs have related adjectives. Make a note of these as you meet them.

phrasal verb	adjective	meaning	example
go on	ongoing	one which continues	We've had an ongoing problem with the computer system.
wear out	worn out	weak, damaged through much use	She was wearing old, worn-out shoes.
break down	broken-down	one that has stopped working	In our garage we've got an old broken-down fridge.

However, this is not the case for all such adjectives. We can say ‘that way of thinking is very **outdated**’, but there is no related verb **to date out**; we can say ‘the restaurant was really **overpriced**’, but there is no phrasal verb **to price over** (the verb is ‘to overprice’).

Note the phrasal adjectives in these extracts from people talking about their dreams and ambitions.

I'm an **outgoing** sort of person, so I want a career where I mix with people. To be honest, I find the idea of a desk job quite **off-putting**¹; I just don't think I'd like it at all. I'd love to do something new, something completely different.

¹ makes you not like it or not want to do it

I've always been very **outspoken**. I'm never afraid to express my opinion, so I think a job campaigning for an environmental organisation would suit me. I would never accept any **watered-down**² proposals and would make some very direct demands of our political leaders.

² made less strong in order to make more people agree with them

I always feel completely **tired out** at the end of the day in my present job and just want to sleep. Instead of feeling cheerful after a good weekend, I always feel quite **downcast**³ every Monday when the new week starts, so I want something new and more stimulating, preferably with a more **go-ahead** company which will bring interest and excitement into my work.

³ sad and depressed

Tip

When you come across a phrasal adjective, check to see whether it has a ‘matching’ verb and, if so, learn the two together.

Exercises

4.1 Replace the adjective in each sentence with a phrasal adjective with the opposite meaning.

- 1 There was a new carpet on the stairs.
- 2 The newsletter has a list of recent activities at the tennis club.
- 3 What's happened? You're looking very cheerful!
- 4 Unlike her sister, Emily is very introverted.
- 5 I find the cover of this novel very attractive, don't you?
- 6 It doesn't matter what time of day it is, Polina always looks fresh.
- 7 We are not in the habit of going to such cheap restaurants.
- 8 When you meet my boss I think you'll find her surprisingly uncommunicative.

4.2 What do these pictures show?

- 1 a chair
- 2 a car
- 3 a oven
- 4 a bed

4.3 Answer these questions about the words on the opposite page.

- 1 Can you think of one advantage and one disadvantage for parents of having a live-in nanny?
- 2 In what kind of room might it be particularly useful to have a foldaway bed?
- 3 What kind of job would not be suitable for a very outspoken person?
- 4 When might you want to give a watered-down version of something that happened to you?
- 5 What kind of job requires you to be outgoing?
- 6 What kind of problem tends to be ongoing?
- 7 What might you find off-putting if you are having a meal in a restaurant?
- 8 What sorts of things do you think are often overpriced?

4.4 Match the pairs of synonyms in the box below.

broken-down	candid	continuing	diluted	downcast	dynamic
exhausted	extrovert	forthcoming	future	go-ahead	miserable
not working	obsolete	off-putting	ongoing	outdated	outgoing
outspoken	repellent	shabby	tired-out	watered-down	worn out

4.5 Here are some more phrasal adjectives. Work out from the context what they mean and rewrite the sentences replacing the underlined words with a word or phrase that means the same.

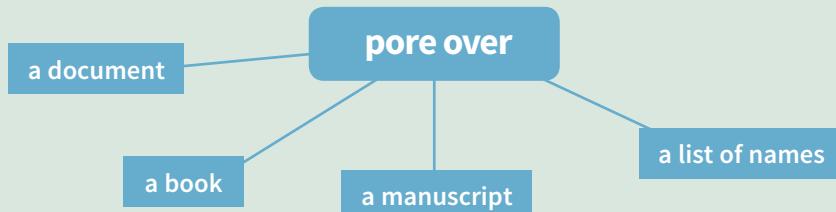

- 1 If the union doesn't accept our terms, what should we have as our fallback position?
- 2 Clara always feels left out when her brother's friends come round to play.
- 3 Julian is usually chatty but his sister is not very forthcoming.
- 4 You shouldn't get so worked up about every little thing.
- 5 Zack met me at the airport with outstretched arms.

A

Why is collocation important?

Collocation means the way words combine with one another. When learning a phrasal verb, it is important to note what kinds of words the verb is typically used with. For example, can it be used for both people and things, or only for people, or only for things? Is it typically used with negative things or can it be used for both positive and negative things?

Look at this chart for the verb **pore over** [study or look carefully at something] and note how the objects it is used with refer especially to books or documents.

Making a note of collocations in this way will help you remember the meaning of the phrasal verb. It is a good idea to learn the verb and its typical collocations as chunks of language. This will help you to speak and write more fluently.

B

Collocations with positive or negative/problematic things

Make a note if a phrasal verb collocates especially with positive or negative things.

typical/correct collocation untypical/wrong collocation

The plan was **riddled with** problems good ideas .

The rain The traffic The fine weather has **eased off/up** now.

After hours of discussion, we **hit on** a good idea the solution a stupid plan .

C

Collocations with objects denoting people or things

Make a note if a phrasal verb collocates especially with objects denoting people or things, or both.

I've really **gone off** Sienna cheese recently.

I'd advise you to **keep in with** the boss Andrew the exam system .

D

Collocations with subjects denoting people or things

Make a note if a phrasal verb collocates especially with subjects denoting people or things, or both.

As we opened the door, **water streamed into** the room.

People were streaming into the meeting.

I have to dash off. I have a meeting in ten minutes.

The car dashed off along the motorway. [**headed off / drove off at high speed** would be more typical]

E

Collocations with particular situations

Make a note of particular situations a phrasal verb typically refers to.

He just **sailed through** his exams the interview his breakfast [**sail through** is used with challenging things and situations]

I was always **hankering after** an easier life sweet food while I was on a diet passing my exams [**hanker after** is most often used with things we cannot or should not have]

Exercises

5.1 Answer the following questions.

- 6 There are a lot of holes in his argument. (RIDDLE)

Over to you

Look back at any other phrasal verbs you have recently written in your vocabulary notebooks. Write them down in some typical collocations. You will find these in the example sentences of a good dictionary, e.g. the *Cambridge Phrasal Verbs Dictionary*.

A

Phrasal verbs in the English lexicon

The word *register* is often used to refer to whether a word is formal or informal. It can also be used to refer to the language associated with a particular job or interest.

English vocabulary is particularly rich because it combines a large vocabulary originating from Anglo-Saxon roots with a large vocabulary originating from Latin or French. This means that English often has words with very similar meanings from each of these sources. To give a phrasal verb example, you can **put forward** or **propose** an idea, where **put forward** (like the majority of phrasal verbs) has a typical Anglo-Saxon etymology, whereas **propose** is of Latin origin. It is interesting to note that **propose** comes from the Latin prefix *pro-* [= forward] added to the Latin root *-pose* [= put]; there are many other examples of where the Latin etymology parallels the etymology of its phrasal verb equivalent. Words of Latin or French origin tend to be more formal and so ‘proposing an idea’ is found more frequently in formal written English than in informal spoken English.

Although phrasal verbs are typical of more informal English, many – like **put forward**, for example – will also be found in neutral or formal as well as informal contexts. Most phrasal verbs are like this. Some phrasal verbs, however, are only used in either informal or formal situations. We indicate throughout the book when this is the case.

B

Informal phrasal verbs

| Serge | How's things, Jessie? Is work OK these days? |
| Jessica | Not really. Sophie's gunning for ¹ me. I think she's after my job. I mucked up ² an important deal yesterday and she was so thrilled! |
| Serge | Don't pay any attention to her. |
| Jessica | I know, but the trouble is Tim's ganged up with ³ her now too. So it's got much worse. They hang around ⁴ together in every break and after work too. If Sophie doesn't shoot down ⁵ one of my ideas, Tim does. |
| Serge | Well, they're asking for ⁶ trouble, aren't they? You know your boss respects you, don't you? |
| Jessica | Yes, I couldn't ask for ⁷ a better boss, that's for sure. But she's got more important things on her plate than sorting out petty office squabbles. |

¹ (only used in continuous) trying to cause trouble for somebody

⁵ criticise strongly

² did very badly with

⁶ (only used in continuous) behaving in a way that is sure to create problems for them

³ formed a group to act against me

⁷ couldn't ever find, because this person

⁴ spend a lot of time (with)

(or thing) is the best of their kind

C

Formal phrasal verbs

In the first five examples below, the base verb is in itself formal. The base verb here is of Latin rather than Anglo-Saxon origin. In the final three examples, it is the specific usage rather than the base verb which is formal.

The authorities finally **acceded to** his request for a work permit. [agreed to]

We will **attend to** your request in due course. [deal with]

He **ascribes** his success **to** hard work in his youth. [explains]

The presence of the gene may **predispose** a person **to** heart disease. [make more likely]

James Hansen is to **preside over** the government inquiry. [be in charge of]

Some new facts have emerged which **bear on** the Smith case. [are connected to]

The castaways had to **call on** all their strength to survive. [use]

All her life the princess had never **wanted for** anything. [needed]

Exercises

6.1 Replace the phrasal verbs in the letter with verbs from the box to make it more formal.

meet continue complain respond remedy investigate achieve

Dear Mr Janes,

Thank you for your letter of 23 May going on about the bad service you experienced at this hotel. I promise you we will look into the problem at once and get back to you as soon as possible. We always try to go for the highest standards of service, and if we have failed to live up to those standards we will immediately seek to sort out the situation. Meanwhile we hope you will go on making Miromana Hotels your first choice for all your business and leisure travel.

Yours sincerely,

G. H. Logan (General Manager)

6.2 Now do the opposite with these sentences. Use phrasal verbs from the box to make the sentences less formal. Use a dictionary if necessary.

go into fall through put out go over to look after
call in on buy up get by take on ask out

- 1 Will you attend to Aunt Elsie while I go and get the children's supper ready?
- 2 He explored the subject in great detail in his lecture.

- 4 The president believes his party's victory is due to his leadership. (ASCRIBE)
- 5 The manager will deal with your enquiry without delay. (ATTEND)

A

Multiple meanings

Many phrasal verbs have more than one meaning. Often, the basic meaning relates to some physical action, while other meanings are metaphorical (i.e. they are figurative, not literal). For example, the meanings in the grey boxes below are literal and the others are figurative.

phrasal verb	definition of phrasal verb	example
run over	hit sth/sb with a moving vehicle and injure or kill them	I ran over a rabbit as I was driving home. It really upset me.
	go on after its expected time	The meeting ran over so I missed my train.
	read quickly to make sure something is correct	Could we just run over the schedule again to make sure it's all going to work?
brush sth/sb off	use a brush (or hand) to remove something	I brushed off the dust from my shoes.
	refuse to listen to what someone says, or refuse to think about something seriously	The boss just brushed him off and told him to get back to work.

B

Examples of metaphors based on quick or violent actions

The price of petrol has **shot up** this year. [gone up rapidly and sharply]

I don't want to just **dive into** a new job without carefully considering it. [start doing something suddenly and energetically without thinking about it]

The leader of the opposition party has **hit out at** the government's new proposals on tax. [strongly criticised, typical of journalism]

My success in the exam **spurred** me **on** to study even harder. [spurs are worn on the ankle and are used to make a horse go faster; here the meaning is 'encouraged me']

C

Metaphors and context

The context will usually tell you that a verb is being used in a metaphorical way. Look at these extracts from the advice column of a magazine which use phrasal verbs metaphorically rather than literally.

Don't just **stand by** and let others have all the fun. It's time to **strike out** on your own and do something completely different. **Sweep aside** all your inhibitions and start living life to the full. It all **boils down** to whether you are prepared to take control of life or let life control you.

You must find the strength to **drag** yourself **away** from your domestic responsibilities for a short while and stop feeling **sandwiched between** your family and your career. Doing everything single-handed is **eating into** all your free time and you need time to think. You can't be expected to **soldier on** on your own any longer.

D

More examples of phrasal verbs used metaphorically

She searched in her bag and **fished out** an old photograph.

We wandered round the old market, just **drinking in** the atmosphere.

He spends hours **glued to** his computer every evening.

We found this vase when we were just **nosing around** in an antique shop.

People were **flooding into** the stadium two hours before the concert.

Exercises

- 7.1** Look at A and B opposite. Read the email and then answer the questions below using your own words rather than the phrasal verbs in the email.

The image shows a simulated email interface. At the top, there are three colored dots (red, yellow, green) followed by a blue envelope icon. To the right of the envelope are the words "Reply" and "Forward". The main body of the email contains the following text:

Hi Bella

Sorry to miss you this morning – the budget meeting ran over and I just couldn't leave. We had to try to find some ways to cope with the way that our transport costs have shot up over the last few months. Luke was finding fault with all my ideas and I had to stay and try to defend them as best I could. He always takes any opportunity to hit out at me – I don't know why. Anyway, could we meet later today to run over the agenda for tomorrow's meeting? My problems today have spurred me on to succeed tomorrow. We mustn't just dive into our proposal without preparing the ground carefully. It'd be a disaster if the boss just brushed us off after all that work!

Rory

- 1 When did the budget meeting end?
- 2 What has happened to transport costs recently?
- 3 How does Luke usually behave towards Rory?
- 4 What does Rory want to do with Bella this afternoon regarding tomorrow's agenda?
- 5 Has today's meeting made Rory more or less determined about tomorrow's meeting?
- 6 What does Rory not want to do with their proposal at tomorrow's meeting?
- 7 What is he afraid that the boss might do to them?

Hi Millie,

How's your awful new boss? Still planning a total reorganisation of the office or have you persuaded her not to **throw the baby out with the bathwater**¹? Let me know if you need an evening out to **let off steam**² – it's about time we met up again.

We've been told at our company that we won't be getting a salary increase this year. They **took the sting out of it**³ by giving us a Christmas bonus, but people are not happy.

My boss is still as difficult as ever. Her personal assistant's resigned, but I think that might be **cutting off her nose to spite her face**⁴ as she'll find it hard to find anything else as well-paid. She can usually **run rings round**⁵ anyone, so it must have been a shock for her to get a boss she couldn't manipulate.

I badly need your advice. Joey's beginning to **turn up the heat** in our relationship – he's dropping hints about marriage. He invited me to meet his parents last weekend. We **got on like a house on fire**⁶ but I just don't feel ready to **put down roots** yet. Should I stop seeing him? I don't want to but maybe it'd be kinder? I can't **make up my mind**. Anna OK. Well, I know I **got off on the wrong foot**¹ by deleting all last year's client information, but I hope you'll agree I've **got my act together**² now?

Oscar Erm, not exactly. I've tried my best to show you where you're going wrong, but I just appear to **be going round in circles**³. Nothing ever seems to get any better. You **dig your heels in**⁴ and don't make any effort to change.

Anna Oh, I don't think that's fair. I'm sure Stan would **put in a good word for me**⁵. I've helped him out with one of his projects.

Oscar Hmm, well Stan needs to **clean up his act**⁶ too. If you don't start **making up for lost time**⁷ soon, we're going to have to let you go.

Anna Oh, no, please. Just give me a bit more authority and I'll **come into my own**⁸.

Around and *about* are often (but not always) interchangeable in phrasal verbs. A good dictionary will tell you whether they can both be used. The only verbs on this page where both are not possible are marked *.

A

Basic meaning of *around* and *about* in phrasal verbs

Around and *about* keep a lot of their basic meaning in many phrasal verbs. They often indicate activities and situations taking place in various locations, often without having a clear direction or order.

There were books **lying around** everywhere in the room.

The children were **running about** in the garden.

Phrasal verbs with *around* and *about* are often informal. Look at this conversation between two teachers.

Holly Rumours have been **flying around** the staffroom lately that you're leaving. Is it true?

Jake It amazes me how news **gets around** in this place! I did say to one or two people that I was tired of being **bossed around** by you-know-who, and, I have **asked around*** here and there to see if they need any full-time teachers, but I haven't made a decision yet.

Holly Oh, right. I heard the other day that Eleanor is sick of **running around*** after you-know-who sorting out problems he's caused. So she might leave too. By the way, do you have a copy of that new grammar book? I want to show it to my students. My copy's **floating about** here somewhere but I just can't find it.

Jake Yes, I think I have a copy **lying around** here somewhere ... Yes, here you are.

Holly Thanks very much. So, what are you up to this weekend?

Jake Nothing much, just **pottering about** at home, really. Oh goodness! Is that the time? I have a class now.

Holly OK, see you later. Don't forget that we **switched** our classrooms **around** this afternoon. You're in Room 2.

Note that in **boss around**, *around* emphasises the fact that the person is *frequently* being bossed by someone else, not the fact that this occurs in different places.

B

Other uses of *around* and *about*

Here are some other phrasal verbs which use *around* and *about*.

Children! Stop **playing around!** Sit politely. [behaving stupidly]

The neighbours have been **banging about** next door all morning. I wonder what they're doing. [making loud noises, for example hammering or moving heavy objects]

Theo was **clowning around** at the party last night. It got very irritating. [acting in a silly way]

Politicians often **skirt around*** the truth and don't give direct answers to questions. [avoid discussing a difficult subject or problem]

It's a problem, but I'm sure we can **work around*** it in some way. [organise our activities to ensure that the problem does not prevent us from doing what we want to do]

The particle *in*, when used with phrasal verbs, keeps a lot of its basic meaning, often referring to things which move towards being, or are already, ‘within something’ or are ‘included in something’.

Look at this transcript of a meeting at a computer software company. Dominic, the Chief Executive, who chairs the meeting, speaks first. Note the phrasal verbs with *in*.

Chair Well, I think we should begin. One of our colleagues from Manchester has been delayed, but I've asked David to **show her in** when she gets here, so she'll join us later, I hope. Now, first item is the Musicmatch software suite, which, I like to think, has helped to **usher in**¹ a new era in music production. It's been **bringing in** good profits, and we've certainly been able to **cash in on** the recent crash of one of our major rivals, as we all know, but with an economic recession **setting in** now, we may want to rethink our pricing so that it **fits in** better **with** the rest of our range. We also need to **factor in**² the loss of a major client – we lost the *Popmaster contract this year*.

Grace Can I **come in** here, Dominic? Ben and I are already looking at this and we'll have something to report next week. Basically we hope to **build in** an automatic upgrade system so that customers will find it easier to stay with us. Ben's looking at the cost. I said I'd **pitch in**³ so that we can get it moving faster.

Chair OK, well, maybe we can leave that. But I'd just like to say, remember, we need flexibility – we don't want to become **boxed in**⁴ by our own systems. We'll come back to it.

David Sorry to **cut in**, Dominic. Amy Peckham is here.

Chair Ah, good. Our colleague from Manchester has arrived. Hello, Amy. You're very welcome. Can you **squash in** there somewhere? Sorry the room is a bit small. Amy Peckham, everyone. Some of you know her already. Right, I suggest we move to Chloe's presentation. I believe you're going to use the projector, Chloe?

Chloe Yes. Could we close those blinds? Thanks. Oh dear, they're still **letting** a lot of light **in**. Never mind. I'll begin. I'd like to use this presentation as a **lead-in**⁵ to our general discussion about the future.

¹ (formal) begin or cause a period in which new things or changes happen

² include something when making a calculation or when trying to understand something

³ (informal) help with work that needs to be done

⁴ restricted

⁵ something that introduces something else

Tip

Take note of the context when you meet new phrasal verbs. For example, the context on this page is a fairly informal business meeting. Spoken business English is often less formal than the spoken language of business in some other languages and cultures. The same is often true for other contexts, such as spoken academic language.

- 4 Our office in Buenos Aires has cashed in a lot of new business this year.
- 5 When you are planning the course, make sure you set in enough free time.
- 6 It's rude to factor in when someone else is in the middle of speaking.
- 7 If everyone shows in, we'll soon get the job done.
- 8 If I move up, then Rachel should be able to box in at the end of the bench.

11.3 Complete this paragraph with verbs from the opposite page.

My ten-year-old daughter Rosie had some friends to sleep over last night. Eight of them managed to sleep on her bedroom floor. I don't know how they (1) themselves in as it is a very small room. Rosie's birthday had been the previous week, but we had her party yesterday as that (2) in better with other plans. In the evening we had a barbecue and we made lots of different salads and puddings. Rosie and her friends all (3) in, and they enjoyed helping as much as eating. Later in the evening rain (4) in, so they went indoors and watched a film. I was afraid the girls would wake up ridiculously early, but we've had new blinds fitted and they don't (5) any light in, so no one stirred till half past eight.

11.4 Cross out the item which does not normally collocate with the phrasal expression in bold. Use a dictionary if necessary.

How time passes

- Diana** The sales conference will be **coming around**¹ soon. We'd better start **hurrying** those sales reports **along**².
- Paul** I can't believe that the conference is **coming up**³ again already. This last year seems to have **slipped away**⁴!
- Diana** I know! There's an awful lot to do **leading up to**⁵ the conference, especially as it's going to be held in our branch this year.
- Paul** Oh well, at least it **breaks things up**⁶ and makes life a bit more interesting, I suppose.
- Diana** It hasn't been that bad a year, surely. There was all the excitement over the new marketing campaign.
- Paul** Oh, that completely **passed me by**⁷. It didn't really affect me in my department.
- Diana** OK, Paul. Time's **getting on**⁸ a bit now. I need to head home. Let's talk about what we need to do tomorrow.

¹ (of a regular event) happening at its usual time

² making someone do something more quickly, making something happen more quickly

³ will be happening soon

⁴ passed very quickly

⁵ preparing in the period before an event begins

⁶ makes a period of time more interesting by being different from what you are doing for the rest of the time

⁷ went unnoticed

⁸ (mainly British and Australian informal) it's getting late

B

Spending time

Right, I'm not going to **spin this out**¹. I just have one thing to say. You only have two weeks now till the exams start and you're going to have to **pull your socks up**² if you want to pass. We're going to **set aside**³ the next fortnight just for revision. In other words, we're going to **free up**⁴ some time by cancelling all non-exam lessons like sport. All school sports matches will be **held over**⁵ until the exams are finished. We felt that would be better than trying to **fit** revision **in**⁶ around sport commitments. The sports staff agree that **putting back**⁷ these matches won't cause any major problems, but we mustn't **set** schedules **back**⁸ by more than two weeks or we won't be able to fit in all the matches before the end of term. So now, put everything else out of your minds and concentrate on your revision. No more **frittering** time **away**⁹ – get down to some serious work.

¹ make something continue for longer than necessary

² make an effort to improve, an idiom using a phrasal verb (see Unit 8 for more)

³ use time for one purpose and no other purpose

⁴ make time or money available for a particular use by not using it another way

⁵ delayed and arranged for a later date

⁶ do it between other activities

⁷ causing something to happen later than it should happen

⁸ make something happen more slowly, or make something happen later than it should

⁹ wasting time by using it for unimportant things

Tip

The following verbs can be used about money as well as time – *free up* and *fritter away*.

Exercises

16.1 Match the beginning of each sentence with its ending.

- | | |
|-------------------------------------|---|
| 1 There was a lot of excitement | a) getting on now. |
| 2 My birthday seems to be | b) hurrying people along? |
| 3 The annual meeting will be | c) leading up to the final match. |
| 4 I'd better go as it's | d) coming up some time next month. |
| 5 It's getting late – can you start | e) coming around more quickly every year. |

16.2 Read these remarks by different people and then answer the questions below.

Mary I'm 63 and I've never had an interesting job or done anything exciting.

Jack I feel I'm wasting a lot of time on useless and unimportant things.

Leah I'm trying to improve my performance. I know I've been lazy and inefficient.

Jude I feel the days are passing very quickly and we need to solve the problem now.

Adriana I'm cancelling my meetings next week so I can take time off to decorate my flat.

| 1 Who is trying to free up some time? | |
| 2 Who feels that time is slipping away? | |
| 3 Who feels life is passing them by? | |
| 4 Who is trying to pull their socks up? | |
| 5 Who feels they are frittering away their time? | |

16.3 Complete this text with the correct particles.

My staff often spin things (1) much longer than they need to so that they don't get asked to do any more work. As a result they sometimes set the schedules (2) by days or even weeks, and then I have to hurry them (3) so that the work gets done on time. And not only do I have to keep an eye on the staff, I also have to find time to fit (4) consultations with management and the unions, and inevitably meetings have to be put (5) because of some unexpected emergency, or important tasks have to be held (6) till the more immediate problems can be sorted out. I try to set (7) at least one hour every day for planning, but it's not easy. I like to take a proper lunch break and get out of the office. I find that breaks the day (8) nicely.

16.4 Correct the mistakes with the phrasal verbs in these sentences.

- 1 You'd get far more done if you didn't fritter out so much time.
- 2 The children tried to spin their game off so they didn't have to go to bed.
- 3 Cameron might lose his job if he doesn't pull his collar up.
- 4 We must discuss what we need to do leading up the opening of the new branch.
- 5 Let's try to make some time apart next month to discuss progress on the project.

16.5

Rewrite each sentence using a phrasal verb from the box in an appropriate form. Make any other necessary changes. You may need to use a dictionary to help you.

ake out drag out bring forward space out creep up on

- 1 We've had to reschedule the meeting for this Tuesday as Austin will be away next week.
- 2 Francesca always makes any discussion last longer than necessary.
- 3 I think we should have longer intervals between our meetings.
- 4 I thought I had ages to prepare for my exams, but they have arrived in no time at all.
- 5 I think we should try to make the printing paper last as long as possible.

Many of the phrasal verbs in this unit are usually used in quite formal contexts. Using these phrasal verbs will help you to improve your style when writing formal correspondence, giving presentations and writing reports and essays.

Look at these formal letters to the editor of a newspaper and note the phrasal verbs connected with cause and effect.

Dear Sir/Madam,

Recent events in Herean City **point to**¹ a failure of central government to control spending by local and regional authorities. This failure can be **put down to**² a long-standing reluctance to tackle local corruption, which has **resulted** in a situation where certain powerful local politicians feel free to act outside the law. This then **contributes** to a general atmosphere in which all politicians are mistrusted.

Yours sincerely,
G. Johnson (Ms)

- ¹ make it seem likely that something is true
- ² thought to be caused by (used for problems and bad experiences)

Dear Sir/Madam,

Arthur Power's explanation for the growth of crime in our cities just does not **add up**³. He **attributes** recent rises in crime to a decline in leisure facilities for young people and the economic recession. But the problem in fact **stems from**⁴ a longer-term neglect of the cities, and dealing with the problem **depends** on accepting this fact first and foremost. We have been talking about rising crime rates for decades and after the last general election the government set up an inquiry into inner-city crime, but as yet nothing seems to have **come out of**⁵ this enquiry.

Sincerely,
A. H. Lowe

- ³ (slightly informal) constitute a reasonable or likely explanation for something
- ⁴ is caused by
- ⁵ if something comes out of a process or an event, it is one of the results

Dear Sir/Madam

No one should be surprised that the recent education reforms have **rebounded on**⁶ the government. The reforms were **rooted in**⁷ a deep-seated elitism, which **accounts for**⁸ the fact that inequality has grown rather than diminished, as your report showed (13 November). As always, the effects have **impacted** most on⁹ poorer families, where the new system has **led to** parents being unable to afford a good education for their children. It all **adds up to**¹⁰ more misery in our schools and fewer opportunities for our young people, especially in the inner cities.

Yours sincerely,
D. Mitchell (Prof.)

- ⁶ had a bad effect on the person who did it with the result that they did not achieve what they were trying to achieve
- ⁷ based on, or caused by
- ⁸ explains the reason for
- ⁹ had a noticeable effect on
- ¹⁰ results in

Tip

Always make a note in your notebook if a phrasal verb is formal or informal.

Exercises

17.1 Match the beginning of each sentence with its ending.

- | | |
|--|--|
| 1 Aidan's new job will undoubtedly impact | a) to one clear cause of the crisis. |
| 2 How the situation develops will depend | b) from a childhood spent in the rainforest. |
| 3 Isabelle's behaviour may well rebound | c) in ignorance. |
| 4 Freddie's interest in botany stems | d) in significant social change. |
| 5 Her attitude to foreigners is rooted | e) to the changes in the country's leadership. |
| 6 It is impossible to point | f) on the reaction from the USA. |
| 7 The new education reform should result | g) to a civil war. |
| 8 Professor Bukowsky attributes the crisis | h) on his family. |
| 9 The situation in the country may lead | i) on her if she is not careful. |

17.2 Correct the mistakes with the particles in these sentences. There is one mistake in each sentence.

- 1 Theodore puts the problems down to the government, but I attribute them for the general world economic situation.
- 2 To a large extent, how a person accounts for the problems in their lives seems to depend largely of their own parents' attitudes to difficult situations.
- 3 I believe the new legislation will contribute to a general improvement in the standard of living, but Ben thinks it will result from increased poverty for most people.
- 4 The desire for reform has come off a general desire to improve the situation, but I suspect the proposed changes may rebound on the government.
- 5 The proposals are rooted in an appropriate awareness of the problems that exist, but I do not feel that what is proposed adds up a coherent programme of action.

17.3 Rewrite each sentence replacing the verb with a phrasal verb expression based on the word in brackets.

- 1 The school's rituals and traditions have originated from its long history. (ROOT)
- 2 My mother attributes the problem to a decline in moral values. (PUT)
- 3 How do you think the changes will affect your business? (IMPACT)
- 4 The economic recession inevitably led to increased unemployment. (RESULT)
- 5 How would you explain the recent increase in violent crime? (ACCOUNT)
- 6 Joel's criticism of Erica may have a bad effect on him now that she's his boss! (REBOUND)
- 7 I do not feel that the writer's analysis of the problem makes sense. (ADD)
- 8 Some unforeseen problems have resulted from the change in legislation. (COME)

17.4 Answer these questions using full sentences.

- 1 What would you put global warming down to?
- 2 What do you think has led to the current increase in violent crime in most societies?
- 3 How would you account for the fact that teenage girls tend to do better at school than teenage boys?
- 4 What would you attribute the success of social media sites to?
- 5 What would you point to as the main cause of social problems today?
- 6 What would you say your own interest in English stems from?
- 7 Do you think that mobile phones have resulted in more or less communication between people?
- 8 What do you think is the main thing that contributes to the difficulty of phrasal verbs?

In this unit, some phrasal verbs can be grouped by the meaning given by the particle. For example, **up** means uppermost in your mind in **summon up**, **conjure up**, **call up** and **stir up**. **Up** in **store up** memories carries a different meaning in that it means gather or collect. **Back** in **come back**, **flood back** and **flashback** carries a sense of a returning memory. **Behind** and **out** occur with verbs which describe things we don't want to remember (**put** something **behind** somebody, **block** something **out** / **block out** something). Grouping the verbs by the meaning carried by the particle will help you to remember them.

Look at this conversation on social media between Bethany and her two cousins about old family photos.

Bethany Wells

When I look at these old photographs I've just found in our grandmother's desk, memories come **flooding back**¹. This one here, of Granny's mother just before she died, **stirs up**² sad memories of how she suffered. It **reminds** me of how different life was then. But we can't let bad memories **eat away at**³ us; we should **put** bad experiences **behind**⁴ us. It's important to live in the present and live for the future.

¹ one suddenly remembers very clearly a lot of things about an experience or period in the past

² makes one remember events in the past, usually ones that make you feel sad

³ make us unhappy because we think about them too much

⁴ not think about them any more so that they do not affect our life

George Wells

We **store up** so many memories over the years, good ones and bad ones. I **associate** this photo that you found **with** our early childhood. Looking at the picture, it **came back** to me how we used to feed the animals on our grandparents' farm. It **summons up**⁵ lots of happy memories, and some sad ones, too, like when my favourite old pony died. We tend to **block out**⁶ sad memories, but sometimes you might get a **flashback**⁷ to an unpleasant experience. The happy ones can **stick with**⁸ you forever. I still remember the picnic we had on the farm for my sixth birthday.

⁵ makes you remember something or think about something

⁶ stop yourself from thinking about something unpleasant because it upsets you

⁷ an occasion when you suddenly remember something vividly that happened to you in the past

⁸ you remember them

Toby Wells

For me this photo you sent me that Granny took **conjures up**⁹ a series of crazy events. I got this diploma, then fell down the steps as I left the stage. As I fell, I grabbed the curtain and all the curtains came down on top of me and the professor! Then all the lights went out! It's amazing how one picture can **call up**¹⁰ an event in such detail. When I look at it, my thoughts always **flash back**¹¹ immediately to that moment.

⁹ makes a picture, image, memory, etc. appear in my mind

¹⁰ make one remember or think about a particular memory or idea

¹¹ get a sudden vivid memory of something

A

Particles in phrasal verbs connected with conflict and violence

Some of the phrasal verbs in this unit have the particle *up* (**smash up**, **flare up**) where *up* suggests extreme or complete. In **come at** and **fly at** *at* indicates the direction of the violent action. *Off* suggests remove in **bump off** [(informal), kill] and **fight off**, and *out* suggests remove completely in **wipe out** [completely destroy]. Thinking about the meaning the particle adds will help you learn the verbs in groups and remember them better.

B

Talking about conflict and violence

Faisal Why couldn't you buy a ticket?

Emma The ticket office was closed and vandals had **smashed up** the machine on the platform.

Fatima What happened to you? Are you hurt?

Alex A man **pushed** me **over** and tried to steal my bag. He **came at** me from behind.

Fatima Oh, that's dreadful! Did he take your bag?

Alex No, I managed to **fight** him **off**, then some people came and he ran off.

Camille What did the boss say when you all complained?

Albert Well, he just **flew at**¹ me and said I was irresponsible, then he **rounded on**² the others and ordered them to get back to work. I've never seen him **flare up**³ like that before, you know, he just **flew into**⁴ a rage as soon as I opened my mouth.

Camille So relations are not good now?

Albert No. It's the biggest **bust-up**⁵ we've ever had with him. But we're not going to let him **push us around**⁶.

¹ suddenly spoke to me very angrily

⁴ if someone flies into a particular state (e.g. rage, panic), they are suddenly in that state

² suddenly turned and attacked them or shouted at them angrily

⁵ (informal) an angry argument

³ suddenly become very angry

⁶ tell someone what to do in a rude or threatening way

C

Metaphorical uses of phrasal verbs to suggest conflict or violence

The verbs in this group are particularly typical of newspaper language because they have metaphorical meanings, which is good for word play.

The government promised to **wipe out** poverty. [make it disappear completely]

The minister is **fighting off** calls for her resignation.

Some newspapers are trying to **drag** the prime minister **into** the scandal. [talk about or bring someone or something into a difficult or unpleasant situation, especially when that person or thing is not seen as being connected with the situation]

He published an article in a national newspaper as a way of **striking back at** his critics. [attacking someone who has attacked you (the literal meaning of striking is hitting)]

Exercises

20.1 Complete these sentences by adding one word to the end of each one.

- 1 I couldn't get anything from the vending machine because some hooligans had smashed it
- 2 When Charlotte told her mother she had scratched her car, she flew into a
- 3 He's terribly bossy, so make sure you don't let yourself be pushed
- 4 Tom hit the man so hard that he knocked him
- 5 Don't interfere in the fight yourself – wait for the police to come and break it
- 6 Robyn did her best, but she didn't manage to fight her attacker
- 7 If someone criticises you unfairly, it is better to ignore them than to strike
- 8 My neighbour went to jail for trying to bump her boss

20.2 Correct the six mistakes with phrasal verbs in this paragraph.

There was a terrible bust-off at work today. The departmental manager came into the office in a terrible temper. She flew on her PA and when people tried to calm her down, she rounded at them. I don't know what had got into her. She pushes everyone over a lot, but she's not normally quite so aggressive. I tried not to get dragged onto it at first, but she started shouting really loudly at Jessica, so I stepped in to try to break things out.

20.3 Do the phrasal verbs in these sentences need an object? If so, add an appropriate object in an appropriate place.

- 1 When I tried to enter the house, the dog flew at.
- 2 Ellis can seem quite happy one moment and then the next he'll flare up.
- 3 They threatened to bump off if he told anyone about the robbery.
- 4 Because she had learned some judo as a child, Lauren found it much easier to fight off.
- 5 I was completely taken by surprise when someone suddenly came at from behind.
- 6 After only ten seconds in the ring, Henry's opponent had knocked out.

20.4 Rewrite these sentences using the word in brackets.

- 1 Paul tried to involve me in the argument, but I managed to stay out of it. (DRAG)
- 2 The old man thought the boys were trying to break into his house, so he told his dog to attack them. (SET)

Loud or unpleasant sounds

[Reply](#)[Forward](#)

Hi Finn,

Thanks for your email.

I've more or less settled in to my new cottage. It's lovely – except for the neighbours. They are just so noisy! I can hear their sound system **blasting out**¹ at all hours of the day and night and one of them plays the trumpet – he's **belting out**² jazz most evenings. At least he plays well, so that noise doesn't **grate on**³ me as much as it might! Much worse is the fact that one of them has a very loud voice and is also very bad-tempered. When she's angry she **bangs** things **down**⁴ and her voice **booms out**⁵ and sometimes the arguments even **drown out**⁶ my own music. I've asked them nicely if they could **keep** the noise **down** a bit, but they have ignored me. And I thought I was moving to a quiet village where the only loud noise would be bells **pealing out**⁷ on a Sunday morning!

Hope all goes well with you.

Cheers,

John

¹ producing a lot of noise, especially loud music

² (informal) playing a musical instrument or singing very loudly

³ (of sound or behaviour) annoy

⁴ puts down with force because she is angry

⁵ makes a very loud noise

Hi John,

Interesting to hear about your new cottage. I'm attaching an ad for some earplugs which claim to help you **shut** anything **out**¹!

I moved into a new flat a month or so ago, too. It's next to the football stadium. I can't see the matches, but I can follow what's going on from the sounds I hear. A cheer **goes up**² whenever the home team shoots. But the sound quickly **dies down**³ if the ball doesn't go in. Every time there's a match I find myself **listening out for**⁴ the cheers. When I told my girlfriend that I wanted to stay at home to listen to the sounds of a football match, she **burst out**⁵ laughing, thinking I was joking, and started talking about how we could decorate the flat. When another cheer went up from the stadium, though, her voice **trailed off**⁶ and she rushed to the window in excitement. Then she stayed in the flat with me and spent all afternoon at the window watching spectators going in and out of the stadium.

Cheers,

Finn

Exercises

24.1 Complete this conversation using verbs from the box.

reflect break rough cotton thrash hit grapple occur piece bounce talk

- Student** I've been(1) with this idea you talked about in your lecture, that written language is becoming more like spoken language these days, but I'm finding it difficult. I've been trying to(2) out some chapters for my dissertation and I like this topic, but I think I need to(3) it through with you first.
- Lecturer** Well, why don't I(4) a few ideas off you? Then you can see if they make sense. When you write emails to your friends, how formal are they?
- Student** Pretty informal usually.
- Lecturer** Let's just(5) on that for a moment. What makes them informal?
- Student** I suppose it's grammar for one thing. I use contractions like 'I'm' or 'it's' instead of 'I am' or 'it is'. And slang words and so on.
- Lecturer** Yes, and hasn't it(6) to you that what you're doing is sort of talking to people rather than writing to them?
- Student** Ah. I see. I think I've(7) on now. Things like email and text messages and chat rooms and so on are changing the way we write, is that it?
- Lecturer** Exactly. Go away and think about it a bit more and I'm sure you'll(8) on a few more ideas. Look at a few newspapers and magazines. Try and(9) the topic down into different themes, like grammar and vocabulary.
- Student** OK, thanks. I'll probably be able to(10) it all together now.
- Lecturer** Yes, and come back if you need more help and we can(11) it out together and try and clarify it more. OK? Bye.

Dear Gordon,

Sorry I haven't been in touch for a while. I'm not finding it so easy running my own business. We've had to (1) our prices because of strong competition, so our profits are beginning to (2). They still (3) a pretty sizeable sum, but even so, it's a bit worrying to see them (4). I'm planning to close one of our factories. I hope that by (5) the business in this way, I may be able to (6) our profits again. All the worry has made me (7) a lot of weight too because I tend to eat snacks to make me feel better. And as you know, it all (8)

The chief executive of a company is making a speech to the staff. Note the phrasal verbs connected with success and failure.

This year has been an eventful one. We've been able to **capitalise on**¹ the publicity we got in the new year with the launch of our new lines, and we've **come out** stronger than ever, despite strong competition. We've **succeeded in** reversing the downward trend we were suffering last year. What's more, we've managed to **win back** customers from the competition. We had been **losing out to**² international players, but now we can **pride** ourselves **on**³ being able to offer better quality products at lower prices. In the middle of the year, we faced a hostile takeover bid from *Diotechnics*. We fought hard against it and finally **won through**⁴, as I knew we would. That bid **fell through**⁵ and we are now stronger than ever. So I want to thank you all.

Two students are talking on the phone about studying for exams.

Harry I don't think I'll **get through**¹ the end-of-term exam this time.

Libby Oh, really? Why?

Harry Well, I've been really busy with the drama club, that's the problem. I wish I could be one of those people who **sail through**² exams and still manage to **pack in**³ a huge amount in their spare time.

Libby Yes, me too. But never mind, you did your presentation the other day and you managed to **carry that off**⁴ quite well.

Harry I managed to fool everyone, you mean! I **got by**⁵ only because I found some useful stuff on the Internet the night before.

Libby Well, that's OK. That's what the Internet's for. As long as you didn't just copy it!

A French Adventure

13 MARCH

Richard was very pessimistic about my plans to ride my bike from the very north of France to the south. He was convinced the project was (1) to failure despite all my attempts to persuade him that I would be able to (2) it off. He said I would never be able to (3) in so many miles in the short period of time I had at my disposal. I knew I'd be unlikely to (4) through the trip without any problems, but I made a great effort to (5) above all his negative comments. I am so glad I did! It wasn't an easy ride, and my French isn't great, but I managed to (6) by using gestures and a translation app. My determination (7) me through, and in the end I (8) in reaching my destination just one day later than planned. I'm glad to say Richard was there to congratulate me.

27.3 Say whether the people in these sentences (a) succeeded in doing something, (b) succeeded in doing something but only in the face of difficulty or (c) failed to do something.

- 6 The college authorities ignored our protests at first, but we won through in the end.

27.4 Correct the ten mistakes with phrasal verbs in this paragraph.

Oliver has always wanted to become an engineer, but it was quite difficult for him to get a place at college. He didn't get in at his first attempt, losing off to applicants with better exam grades. However, at his second try he succeeded to win a place. He then sailed over all his first-year exams but failed some of his exams in the second year, as he started spending a lot of time on the rugby pitch, playing for the college first team, rather than in the library. Then his team fell back in the college league after three games, so he wasn't too happy and did even less work, and as a result he failed three exams. However, he's always prided himself for being able to revise very efficiently when he's really under pressure, and in the third year he did enough to pull himself across. His friends were amazed that he managed to carry it out, as they were sure he could not have packed up enough study in such a short time to get by the exams. But Oliver knew that he had only just got over and he resolved to organise his life much better after leaving college.

Dealing with problems

We must all **resign ourselves to**¹ the fact that we will encounter problems throughout our lives. We cannot **safeguard against**² all unpleasant events. Nor can we **walk away**³ from every difficult situation that comes along. We have to find ways of **living with**⁴ the bad situations that we inevitably face from time to time and find ways of **ironing out**⁵ difficulties. We should not be too proud to **fall back on**⁶ our parents for advice – we may be surprised at how helpful they can be. If the problem is a disagreement, then we may be able to **smooth things over**⁷. Explaining how we feel will sometimes be all that is needed to **clear up**⁸ a misunderstanding. If we have behaved badly, then we should apologise and find a way to **make up for**⁹ our actions. The important thing is not to **resort to**¹⁰ behaviour that we know is wrong even if it seems to offer a temporary solution. Don't just **grasp at**¹¹ the first chance of an easy way out – it may not be the right thing to do.

Hi Nicole,

Life's never easy, is it? I've had a big misunderstanding with my colleague Blake and I want to (1) it up, but I'm not sure how. It's been (2) over me for a week now, and I don't want relations to (3) down between me and him as I have to meet with him once a week. He thinks I told people he took time off when he wasn't really sick and as a result he (4) in trouble with the boss. All I had said was I was glad to hear it wasn't anything serious. What should I do? Advice greatly appreciated!

Isabella

Dear Isabella,

Well, you're right not to try to (5) away from the situation. It's bound to (6) over into your professional dealings with him. It sounds like you've got (7) up in some malicious office gossip. Invite him out to lunch, explain, and apologise for causing him any problems. That should (8) things over a bit. Tell him what a wonderful colleague he is. At moments like this you have to (9) to flattery! It's usually the only way to (10) up for saying or doing something you wish you hadn't. Most people can't resist being flattered!

Hope that helps.

Love,

Nicole

A

Note the phrasal verbs for making decisions and influencing people and events.

It's time for me to **decide on** that interesting offer I had last week. I've **mulled it over**¹, but I still don't know whether to say yes or no and the deadline is tomorrow. I just want to be careful not to **tie myself down**² to something I might regret later.

- ¹ thought carefully about something for a long time
- ² stop yourself from being free to do what you want to do

Have you heard the rumours about the changes that are going to be **pushed through**⁵ at work? I know you've been **singled out**⁶ for praise recently, but so has your rival for promotion and I get the feeling that management are trying to **play you off against**⁷ each other. I'm worried that the changes may result in her **doing you out of**⁸ the promotion you deserve.

- ⁵ made officially accepted
- ⁶ chosen from a large group of people or things, usually in order to criticise or praise them
- ⁷ encourage you to compete/argue with another to get some advantage from this situation
- ⁸ (informal) stopping you from getting or keeping something, in a dishonest or unfair way

For a long time I've been **toying with**³ the idea of doing something completely different with my life. The opportunity has finally come, but I need to **size up**⁴ the situation before I make my decision.

- ³ considering (doing) something, but not very seriously and without making a decision
- ⁴ carefully examine a situation or person in order to make a judgement

I'm sorry to hear about your disagreement with your colleague. It's clear that it's very difficult to **reason with** her, but don't let her **play on**⁹ your good nature and don't give in. Do your best to try and **work things out**¹⁰ with her, but if you can't, I think you should consult your boss.

- ⁹ use your fears/weaknesses to make you do what they want, often in an unfair way
- ¹⁰ think carefully about how you are going to do something and make a plan or decision

B

In these dialogues the second speaker uses a phrasal verb to paraphrase what the first speaker says.

Ahmed I might say no to the Berlin trip and go to Moscow instead, but I'm not sure.

Julian So you're **tending towards** the Moscow trip? I thought you might.

Lucy I think I now agree with you that we should postpone the new product launch.

Stan Ah-ha! So you've finally **come round** to my way of thinking.

Ryan That's it. I've decided. I'm going to take the job in Madrid.

Daniela Good! I'm glad you've **arrived at** a decision at last. You won't regret it.

Dan So who's going to have the extra ticket? I've got a coin, if you like.

Evan OK, let's **toss for**¹ it. 'Heads' – you get it, 'tails' – I get it.

¹ throw a coin into the air to see which side lands facing upwards. For British coins, 'heads' means the side with the Queen's head on it; 'tails' is the other side.

Manon We need to encourage people to join the campaign and work with us.

Charles Yes, we need to **drum up** more support.

Tip

Do sb out of sth is not the only informal phrasal verb with *do*. We also find it in **do in sb** [kill], **do out sth** [decorate], **do yourself up** [make yourself look more attractive] and **do without** [manage without something]. Where verbs form groups like this, record them together.

Read these statements by different people talking about their jobs.

The boss

I'll be retiring next year. I already find that I can **farm out**¹ tasks I used to do myself. I'm slowly **easing off**² now so that I can **step aside**³ next year knowing I've left everything in good hands.

The union representative

¹ give work to other people instead of doing it yourself

² starting to work less or do things with less energy

³ leave a job or position, especially so that someone else can do it

We never like to **call** people **out**⁴ on strike, but when we do, we have to be determined to **see it through**⁵ to the end. We have to keep talking constructively and try not to get **bogged down**⁶ in lengthy negotiations which only prolong the strike.

The assembly-line worker

⁴ order workers to strike

⁵ continue doing a job until it is finished, especially when it is difficult

⁶ (informal) become so involved in the details of something that you cannot achieve anything

My job is monotonous. I just **slog away**⁷ day after day. People like me **get passed over**⁸ for promotion, so we're not motivated. I often feel like **packing** this job **in**⁹ and finding something else. One day I'll just **hand in** my notice and go.

The administrative assistant

⁷ (informal) keep working very hard, usually for a long time

⁸ are not given a higher position because it is given to someone else

⁹ (informal) stopping doing something, especially a job

In this job you just have to **fling** yourself **into**¹⁰ your work and **beaver away**¹¹ to get things done each day. I spend a lot of time **running round** helping other people. It's not a bad job, and sometimes I'm allowed to **get off**¹² early if I've stayed late the day before.

The scientist

¹⁰ start to spend a lot of your time and energy doing something

¹¹ (informal) work hard at something for a long time, especially something you are writing

¹² leave the place where you work, usually at the end of the day

The office worker

I decided to **go in to** research, as I wanted to do something exciting. I don't think I'm **cut out for**¹³ teaching. University was fun, but now I've got to **knuckle down**¹⁴ and build my career.

¹³ have the right qualities for something, especially a job

¹⁴ start to work or study hard, especially if you have not been working very hard before and can't find 'buckle down'

Well, in this job you just **plug away**¹⁵ and hope the day will pass quickly. If I have to write a report, I do what I can to **cobble** something **together**¹⁶, but I don't ever feel that I achieve anything worthwhile. Most people in my position just **coast along**¹⁷ and dream of the summer holidays.

¹⁵ (informal) work hard at something for a long time

¹⁶ make something quickly and not very carefully

¹⁷ do only the things that you have to do without trying to go faster or be more successful

- 8 I always say that if you start a job, you should make sure you finish it. (SEE)

31.3 Correct the six mistakes with particles in this paragraph.

I'd hate a job where I could just coast about without needing to think about what I was doing. I'd far rather keep busy and really don't mind how much I have to slog off each day. I'd soon pack off any job that didn't keep me working hard. I fling myself onto everything I do. Even when I was at school, I used to beaver up at my homework as soon as I got home from school. My sister certainly never used to knuckle into work in the way I did.

Going through college

Sam and Ben are twin brothers. They have a very rich grandfather who offered to **put them through**¹ university. Sam **sailed through**² his exams at school and easily **got into**³ a good university. Ben wanted to go to the same university, but it was harder for him to **get in**. However, in his last few months at school, he managed to **get through**⁴ all the necessary exams. Both brothers wanted to **major in**⁵ law. Sam had worked in a law firm in several summer holidays and this experience was able to **count towards**⁶ his degree. Ben spent his holidays playing sport. Sam continued to study hard and soon **left** most of the other students in his group **behind**⁷. At the end of six months, the professor **creamed off**⁸ the best students and **moved** them **up** to the next class. Sam was in this group but Ben was not. The professor felt he was more interested in rugby than law and this **counted against**⁹ him. He was **marked down**¹⁰ for careless mistakes in a number of his essays and by the end of the year he had **fallen behind**¹¹ the rest of his year. His tutor says he'll be lucky if he even **scrapes through**¹² his exams. His grandfather has arranged to come and visit him and Ben is feeling a little nervous.

Seminars

Seminars are classes with small groups of students and give you the opportunity to **look into**¹ a topic in detail. You can also **bring up**² any questions you might have and discuss them with the tutor and other students. Seminars often involve **weighing up**³ different ideas that were mentioned in your lectures, so it's a good idea to **go over**⁴ your lecture notes and other research just before you attend.

Sometimes a student will be asked to **put together**⁵ a short presentation, which will be used to start the discussion. If you are presenting, then it's important to carefully **think through**⁶ the points you want to make. You don't want to **end up**⁷ with nothing to say! However, it's always better to **sketch out**⁸ your ideas with rough notes, rather than **writing out**⁹ every word of the presentation.

If you are not presenting, you should still try to **read up on**¹⁰ the subject before the seminar in order to **get the most out of**¹¹ it. During the presentation, try to **jot down**¹² any new ideas or key points. And don't forget to **type them up**¹³ later. You might also make a note of any questions that you want to **follow up**¹⁴ later, either during the seminar or through research afterwards.

Lottie is telling Alice about a party she went to.

Lottie Most people looked really smart – there were some amazing designer outfits – but there was one man in a weird **getup**¹ with a red wig. It looked as if he thought it was a fancy-dress party!

Alice (laughs) What did you wear?

Lottie Well, to tell you the truth, it was rather a disaster. I wanted to wear my little black dress, but I had trouble **getting into**² it. I didn't realise how much weight I've put on over the past few months. I'll have to **let it out**³ or else lose some weight! When I'd finally squeezed into it, I looked so awful in the mirror I just took it straight off again and **pulled on**⁴ my boring old brown dress. You know, the wool one with the full skirt that I've worn a million times.

Alice Oh, I like that dress.

Lottie Well, so do I, but it was all creased and I didn't have time to iron it, so I just **smoothed it down**⁵ with my hands and hoped for the best. I was so late by this time, I didn't realise till I got to the party that I **had** the wrong colour shoes **on**. I was still wearing my sister's **cast-offs**⁶, which go perfectly with my black dress but not with my brown one! But it didn't really matter because when the music started, I **flung** my shoes **off**⁷ to dance anyway.

¹ the particular clothing, especially when strange or unusual, that someone is wearing

⁴ put on clothes quickly

² be thin enough to be able to put your clothes on

⁵ press with your hands in order to make something flat

³ make a piece of clothing wider by removing the sewing from the side edges and then sewing closer to the edge of the material

⁶ clothes which have been given to somebody else because the first owner cannot use them any more

⁷ removed very quickly

Tip

Getting to know someone

Daisy You and Lucas have been **going out together**¹ for ages now, haven't you?

Isabelle Yes, we have. Longer than I'd ever have imagined when we first met.

Daisy Why, didn't you like him much at first?

Isabelle No, I **warmed to**² him at once – it was just the odd way we met.

Daisy Oh, how was that? At a club or at work?

Isabelle No, we got stuck together in a lift that broke down. That's what **brought us together**³! We were the only people there, so we soon **struck up**⁴ a conversation. We discovered we'd got a mutual friend – Martha Gordon. You know her, don't you?

Daisy I **know of**⁵ her. I've **heard of**⁶ her because my brother used to talk about her a lot, but I've never actually met her. She went to work in Australia, didn't she?

Isabelle That's right. Lucas had just **heard from** her, so he told me all her news and then we got on to all sorts of other things. Anyway, I thought he was really nice.

Daisy So, you **flirted with**⁷ him, no doubt!

Isabelle Just a little, perhaps. Anyway, by the time they'd repaired the lift he'd asked me to **go out with** him. And that was six months ago!

A

Talking about negative qualities

Leah What do you make of Natasha's new boyfriend? He's **getting on**¹ a bit, isn't he?!

Naomi Yes. He must be at least 20 years older than her. I must say I didn't like him very much. His eyes were **boring into**² me and it made me feel uncomfortable.

Leah I'm glad you felt like that too. He really scared me.

Naomi Scared you? You need to **toughen up**³ a bit! You shouldn't let anyone scare you. It's not just his eyes, though, is it? He's so **outspoken**⁴! In fact, he's rude.

Leah He swore at me the other day. I didn't answer back though. I wouldn't **descend to**⁵ his level. And how about the way he speaks about his sister?

Naomi No wonder she's a bit odd. Having a brother like that would **screw me up**⁶!

Leah I'm amazed Natasha's so keen on him. I **had her down as**⁷ a sensible person.

Naomi You know, sometimes I think she's like a teenage girl who needs to **grow out of**⁸ needing a father figure. I mean, she's 30, not 13!

¹ (informal, always continuous) becoming old

² looking very hard at

³ become stronger and more able to deal with problems (also transitive: **toughen sb up**)

⁴ having a tendency to express opinions even though they may offend people

⁵ behave so badly

⁶ (informal) make someone feel confused and unhappy about their life

⁷ (informal) thought that they were a particular type of person (especially when they are not in fact like that)

⁸ stop doing something as you get older

B

Talking about positive qualities

Look at this speech by a company manager at a party for a colleague who is retiring.

Jack is leaving us today and I want to wish him a happy retirement. Having worked closely with him, I can personally **vouch for**¹ his unwavering loyalty to the company over the last 21 years and his extraordinary skills as a personnel manager. Right from the beginning, his ability to handle people **shone through**². He **prided** himself **on**³ the good relations he enjoyed with junior staff; he knew that good relationships mean everything in the workplace. It was always such a pleasure to see how his face would **light up**⁴ whenever he managed to solve a tricky personnel issue; for him, resolving a difficult situation was its own reward. Jack was also excellent at **drawing out**⁵ younger, less experienced members of staff, and he showed that rare talent for **bringing out**⁶ the best in all his colleagues. I'm sure everyone would agree that he always **came across**⁷ as calm, professional and committed to his staff. His departure will be a great loss to the company.

¹ say that you know someone and that you can promise that they have a good character or good skills

² became apparent

³ took pride in

⁴ look very happy

⁵ helping people to feel more confident

⁶ making qualities more noticeable

⁷ appeared to be

Tip

Note how the meaning of a phrasal verb can sometimes vary depending on whether it is used with an object or not. For example, **come across** (see above), when it is used with an object means 'find or meet something/somebody by chance': *I came across an old photo of us when we were at university the other night.* Make a note of any verbs whose meanings change in this way.

Exercises

44.1 Look at A. Match the beginning of each sentence with its ending.

- | | |
|--|---|
| 1 If you all huddle up together | a) the horse will take the carrot from your hand. |
| 2 If you stretch out your arm | b) you'll be able to see our car. |
| 3 Spread out your arms | c) and go to sleep if you like. |
| 4 Now bend down | d) you'll feel a bit warmer. |
| 5 If you stick your head out of the window | e) and move them in circles. |
| 6 You can curl up in the armchair | f) and touch your toes. |

44.2 Answer these questions using one of the phrasal verbs from B.

- 1 What do you normally need to do before starting on an exercise routine?
- 2 If you have been outside for a long time on a very cold day, what may it take you some time to do when you go indoors again?
- 3 What do you have to do if you fall over?
- 4 What do you do if you hear a sudden noise behind you?
- 5 What happens to your muscles if you are feeling very anxious?
- 6 What happens if someone doesn't eat enough over a long period of time?
- 7 If you suddenly have an excruciating pain, what may you do?

44.3 Correct the five particle mistakes in this paragraph.

I'm rather worried about my neighbour. I saw her the other day in the garden and she was doubled out in pain. She also looks as if she is wasting off. I asked her about it and she said she was just trying to lose some weight, but she clearly didn't like my talking about it and I could sense her tensing in. I think she's probably been doing far too much exercise. She spends hours outside bending away to touch the ground or spreading off her arms and swinging them in circles. I can see that she's in pain and I long to tell her to relax a bit.

44.4 Rewrite each sentence using the verb in brackets in an appropriate form.

- 1 You must be freezing – do come inside and get warm. (THAW)
- 2 Look at me – now face in the opposite direction. (TURN)
- 3 Their daughter was lying in a little ball on her bed with her thumb in her mouth. (CURL)
- 4 He put his arm out of the window and waved at us. (STICK)
- 5 If you don't eat more, you'll get far too skinny. (WASTE)
- 6 The stand-up comic was so good that we spent the evening in fits of laughter. (DOUBLE)

44.5 Explain the play on words in these sentences.

- 1 The twins doubled up laughing.
- 2 The rubbish collectors were wasting away.
- 3 The grammar teacher tensed up when Maria said ‘writed’ instead of ‘wrote’.
- 4 The taxi driver picked himself up after he tripped over the suitcase.

Forward

Hi Gemma!

We're having a great holiday. Yesterday we went for a long walk in the hills. It was longer than it needed to be because Ivan misread the map. We walked quite a long way but then came to a big cliff and had to **double back**¹. We saw lots of wildlife. In the early evening we **stumbled on**² some deer. At first they were startled and **drew back**³ from us into the forest, but we **stood well back** so as not to frighten them and they soon relaxed and went back to their grazing. We stood still and watched them for some time. We suddenly realised that it was starting to get dark and that we'd better **push on**⁴. We were **zipping along**⁵ until I **tripped over**⁶ a fallen branch. I thought I might have sprained my ankle, but we managed to get back to our cottage in time to have a late supper and it's fine today.

Seb

¹ go back in the direction we'd come from

⁴ continue on our walk

² found/met by chance

⁵ (informal) moving very quickly

³ moved away because they were surprised or afraid

⁶ fell because I accidentally hit my foot against something while walking

Destination of the week Steeple Bunting

The unspoilt little market town of Steeple Bunting **stretches out** along the winding River Tare. The town is **steeped in**¹ history, and great care has been taken to ensure that modern buildings **blend in**² well and do not **encroach on**³ the 16th-century centre. A particularly well-preserved building from that period is Elderflower Cottage, a delightful half-timbered house **set back**⁴ from the High Street. The beauty of this white-walled cottage is **set off**⁵ by the colourful flower gardens which surround it, and visitors must also not miss the walled herb garden which **opens off** the rose garden. There are many other must-see sights in Steeple Bunting and the town is **dotted with**⁶ pleasant cafés where you can relax if you just want to sit and **soak up**⁷ the atmosphere. The town is **bursting with**⁸ tourists at the weekend, so visitors who prefer to avoid crowds are advised to come during the week.

Kingsmill renovations to begin next week

The **run-down**¹ Kingsmill area near the city's football ground is at last about to be **done up**². Signs have **gone up**³ around the area indicating that work will start next Monday. The first stage of the work will affect the buildings which **back onto** the football ground, and Stadium Road will be **closed off** from Monday morning while the area is **reduced to rubble**⁴. Drivers wishing to access the stadium car park will need to approach it by Grant Lane, which **branches off** Rampart Street just after the petrol station.

Local resident Maisie James (74) told us, 'I'll be glad to see the back of the **boarded-up**⁵ windows in the area. It's very dangerous – a ceiling **fell in** once when some children got into one of the abandoned buildings.'

Local architects Taylor and Summers have been employed to design the reconstruction, and readers can visit their office or look online to see the plans showing how the area will be **laid out**⁶ and a large-scale **mock-up**⁷. Richard Taylor commented, 'The renovations will inevitably be expensive, but we hope that the costs will to some extent be **offset**⁸ by the use of reclaimed sandstone and slate, and also the reclaimed rubble.'

Hi Charlotte,

Here we are in our new home. It's in an old house (1) back from the road in a big garden, on the top of a hill. The town (2) out below us. It's an old town, (3) in history, but (4) with all the excitement of a big modern city. Sometimes we just stroll through the streets (5) up the atmosphere.

From the back of the house, we look up into the hills, which are (6) with little white houses. The road that runs past our house branches (7) down to the river, so it's a nice place to go for a walk. I hope you can come and see us.

All the best,
Javier

Hi Javier,

Now you've left university you can live in luxury, but I'm still a poor student. Jade and I have moved into our accommodation for this year. It's in a rather (8) part of town which was rich and prosperous years ago, but now there are lots of (9) shops and cheap restaurants. We're in a house that backs (10) an old factory whose roof has fallen (11), and next to that was another building which has been completely (12) to rubble and the area is all closed (13). So it couldn't be more different from your view! The flat itself is OK. There's a living room and a small kitchen which opens (14) it, two bedrooms and the bathroom. We've talked to the landlord and he's going to let us do it (15) a bit. He said he'll pay for the paint and stuff. It may not be the Mediterranean, but it's home.

Love,

Driving

Read about Freddie's nightmare car journey and note the phrasal verbs.

The whole journey was a complete nightmare. I'd only been going five minutes on the motorway when somebody **cut in**¹ on me and I had to brake really quickly to avoid an accident, but that was only the start of it. A bit further on I **pulled out**² to overtake a big lorry, but as I did, my engine just died. I tried revving the engine and after a couple of seconds it started again, but I had to **change down**³ and get back into the slow lane and go very slowly indeed. Because I was so slow, I was **flagged down**⁴ by a police officer who checked the car and told me that one of my tyres was worn. He said it wasn't illegal and let me continue but warned me to get it changed. The car started again without any problems, so I set off again, **picked up speed**⁵ and drove a couple of miles before, guess what, the worn tyre **blew out**⁶! So I changed the tyre, which was another half hour wasted. Then I **picked up**⁷ a hitchhiker – I felt sorry for him. After a while we **branched off**⁸ the motorway, and I left him where he wanted to be and went to a nearby café for a cup of tea. When I came out, the rain was pelting down and someone had **blocked me in**⁹. Then to cap it all, I realised the hitchhiker had taken my waterproof jacket from the back seat!

How journalists get the news

Some news comes from press releases that are **put out** by companies or organisations. However, journalists also **pick up**¹ stories from their contacts. Occasionally a story **gets out**² when a politician or film star **confides in**³ someone who is not discreet. Sometimes a rumour starts and journalists **sound out**⁴ people in the know to check its truth. It may sometimes be difficult for them to **root out**⁵ the information they want, but journalists get very good at **worming** stories **out of**⁶ people who don't want to talk to them. Sometimes they may **stake out**⁷ their potential subject's house until they get the story they want. In fact, the ability to **ferret out**⁸ a story may be as important for a journalist as the ability to **write it up** well.

Dear Aidan,

I need to **confide in³** you. I've been suspecting for a long time that one of my employees, George, has been stealing from the till at work, so I actually hired a private detective. He **dug up⁴** a few unpleasant facts, I'm afraid. George has had a number of convictions for theft already. But the detective hasn't managed to prove that he is stealing from us. So I've decided to just **play along⁵** and pretend I don't know, to see if I can **catch him out⁶** – you know, just see if he **gives** anything **away⁷** without realising it. Am I doing the right thing, do you think, or should I confront him?

Oscar

³ tell someone things that you keep secret from other people

⁴ discovered new facts about a person or situation after a lot of searching

⁵ (informal) pretend to agree with someone, or to do what someone wants for a short time, in order to get something from them or to avoid making them angry

⁶ discover that someone is lying or doing something wrong

⁷ lets someone know something that should be kept secret, often by mistake

Exercises

52.1 Answer these questions about the headlines in A opposite.

- 1 What was the aim of the investigation and what did it discover?
- 2 Why might the company have wanted to hush up the scandal?
- 3 What is the third headline implying about the government?
- 4 Why might the Prime Minister want to paper over what was happening in the Cabinet?
- 5 Does it sound as if the report supports or condemns the ministers' behaviour?
- 6 What has the former spy just admitted?

52.2 Match the beginning of each sentence with its ending.

- | | |
|-----------------------------------|--------------------------------------|
| 1 Fortunately, my research bore | a) in someone. |
| 2 Please just play | b) up a good scandal. |
| 3 I wish I could confide | c) out your secret. |
| 4 Journalists love to dig | d) on her. |
| 5 I'm so sorry I let | e) with her. |
| 6 We did all we could to hush | f) out my original hypothesis. |
| 7 My friend begged me to level | g) along with the story I tell Mary. |
| 8 Libby accused Charles of spying | h) up the scandal in the company. |

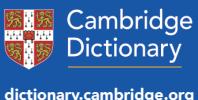

52.3 Correct the ten mistakes with particles in this paragraph.

As journalists, it is our job to try to dig off stories that dishonest people are trying to cover over. Sometimes we are accused of spying at innocent people, but surely it is our duty not to allow people to paper up their scandals. Often it is not at all difficult to learn secrets. People are often eager to confide with someone who is willing to lend a sympathetic ear. Or they let off a secret without realising it. Little things like a blush or a quick glance at someone else can be a real give-out to an experienced reporter. Of course, sometimes people try to make over that they have nothing to hide, and then it can be a good idea to play on with them up to a certain point. Then you suddenly take them by surprise with an unexpected question and in this way you can often catch them across.

⁵ (formal) obey

³ give someone else legal rights to something

⁶ (formal) obey

B Describing rules and laws**NEWS****Progress on tax evasion**

The government has long been anxious to introduce a new law relating to tax evasion. The intention is to **toughen up**¹ the existing legislation, bringing all crimes related to the non-payment of taxes **under** the authority of the Financial Crimes Agency, giving the FCA considerable new powers and **providing for**² the imprisonment of serious offenders. The initial proposals for the law were **thrown out**³ at the committee stage. However, some modifications were made and the new proposals **went through** the committee stage last week. The next step is for them to be **voted on** in Parliament. It is expected that they will **get through** without difficulty, as there is general cross-party agreement that the current laws have too many loopholes and should be **tightened up**⁴. Once passed, the new regulations will be **rolled out**⁵ gradually over the coming year.

¹ make more limiting and difficult to avoid

⁴ made stricter

² (formal) allowing to happen

⁵ introduced

³ rejected

Typical meanings of *come* in phrasal verbs

You may have already met some phrasal verbs with *come* in this book or elsewhere. For example, **come in** [start speaking during a discussion (Unit 11) or, for the sea, come nearer to the beach or coast (Unit 47)], **come at** somebody [move towards someone in order to attack them (Unit 22)], **come at** something [think about something in a particular way (Unit 24)], **come down** [pass from one generation to another so that it continues (Unit 10) or, for a price or level, become lower (Unit 10)].

Come typically expresses movement and the particle shows the direction of the movement. **Come in** above suggests a person ‘entering’ a discussion. **Come at** someone suggests directing oneself at/towards someone and **come at** something suggests directing one’s thoughts to a particular subject. **Come down** suggests moving through time (from the more distant past towards the present).

B

More phrasal verbs with *come*

Look at these extracts from two interviews for *Policy and Finance* magazine.

Interviewer You are often seen as a survivor. How did you survive your difficult second term in government? Was it just luck?

Politician Luck? No, luck doesn’t **come into it**¹. You have to work in politics. As you know, the party **came in for**² a lot of criticism on its tax policy and was also **coming under**³ attack from pensioners’ groups. We were **coming across**⁴ as insensitive to ordinary people’s needs and problems, so we needed new ideas. I **came up against**⁵ critics in my own party, and it was a difficult period, but we **came through**⁶ it because we were strong and determined to succeed.

¹ (usually negative) have an influence

⁵ faced

² received (collocates with *criticism* or *praise*)

⁶ managed to get to the end of a difficult

³ getting a lot of

situation

⁴ being seen by others

Interviewer You once **came out with**¹ a famous remark that surprised everyone: ‘Capitalism is dead.’ Do you still believe that?

Economist I was misquoted. What I said was that in a period when new technology was **coming in** and replacing traditional employment patterns in the workplace, we needed to rethink our basic economics. Other economies which have combined capitalism with a caring social framework have **come off**² better in the long term. If our standards of employment and social care are to **come up to**³ those of our neighbours, then we need something other than a traditional form of capitalism. And this is where a more cooperative approach **comes in**⁴. Our workers’ general life skills have **come on**⁵ a long way since the days of mass manual labour, and we have to involve them and their skills in a more democratic way. A new era has to **come into**⁶ being or we will simply be left behind.

¹ suddenly said

⁴ is involved

² ended up in a good position (**come off better**) or bad position

⁵ improved

(**come off worse**) because of an argument or some kind of struggle

⁶ begin

³ reach

Typical meanings of *take* in phrasal verbs

Take often carries a meaning of ‘remove’, as in:

We hope you will **take** many happy memories **away** from your stay here.

Phil’s boss has agreed to **take** him **off** the night shift.

Helena **took** her parents **out** for a meal. (Unit 42)

Take also sometimes carries a meaning of doing something quickly or something happening quickly or abruptly, for example **Take it away!** (Unit 30), **take aback** [surprise], **take off** (of a plane) and **take out** [kill or destroy in a military battle].

B

Organising a charity concert

I must say I was **taken aback**¹ when I saw the cost involved, but I wanted it to be a memorable experience for people. A huge amount of time was **taken up**² with phone calls persuading sponsors to be involved. The **uptake**³ was slow at first, but bit by bit we managed to persuade local companies and individuals to support us. The work didn’t end when the concert was over. We spent a whole day **taking down**⁴ the stage set and lighting and so on, but none of that **took away from**⁵ the pleasure we got from organising it. And I think the audience **took away**⁶ something that will stay with them for a long time. Overall it was worth it – a great experience for all involved.

¹ very surprised

² used

³ number of people who committed themselves

⁴ removing by separating into pieces and taking the pieces away

⁵ made it seem less good or successful

⁶ remembered [used about e.g. a memory, an impression, a message]

| 1 stands by | 5 eat into |
| 2 soldier on | 6 brushed off or swept aside |
| 3 fished out | 7 struck out |
| 4 nosing around | 8 sandwiched between |

7.4

Possible answers:

- 1 If someone warms up an audience, they make it more receptive and friendly, more relaxed (perhaps by telling some jokes). Coldness in English equates with unfriendliness and warmth with friendliness. Warming up people and warming up food both have the idea of making something pleasanter.
- 2 If someone falls into a job, they get it very easily and without making any effort. So both falling into a hole and falling into a job have the idea of something happening by chance.
- 3 If you climb down in an argument, you admit that you were wrong. So both uses of climb down suggest moving back to the level of other people from a position in which you were separated from others.

Unit 17

17.1

1 h 2 f 3 i 4 b 5 c 6 a 7 d 8 e 9 g

17.2

- 1 Theodore puts the problems down to the government, but I attribute them **to** the general world economic situation.
- 2 To a large extent, how a person accounts for the problems in their lives seems to depend largely **on** their own parents' attitudes to difficult situations.
- 3 I believe the new legislation will contribute to a general improvement in the standard of living, but Ben thinks it will result **in** increased poverty for most people.
- 4 The desire for reform has come **out of** a general desire to improve the situation, but I suspect the proposed changes may rebound on the government.
- 5 The proposals are rooted in an appropriate awareness of the problems that exist, but I do not feel that what is proposed adds up **to** a coherent programme of action.

17.3

- 1 The school's rituals and traditions are **rooted in** its long history.
- 2 My mother **puts** the problem **down to** a decline in moral values.
- 3 How do you think the changes will **impact on** your business?
- 4 The economic recession inevitably **resulted in** increased unemployment.
- 5 How would you **account for** the recent increase in violent crime?
- 6 Joel's criticism of Erica may **rebound on** him now that she's his boss!
- 7 I do not feel that the writer's analysis of the problem **adds up**.
- 8 Some unforeseen problems have **come out of** the change in legislation.

17.4

Author's answers:

- 1 I'd put global warming largely down to increased air and road travel.
- 2 I think a dramatic change in social values has led to the current increase in violent crime in most societies.
- 3 I'd account for it by saying that teenage girls tend to be more inclined to work harder at school than teenage boys – though of course there are plenty of exceptions.
- 4 I'd attribute the success of social media sites to the fact that they are convenient, fast and efficient.
- 5 I'd point to the prevalence of materialistic attitudes as one main cause of social problems today.
- 6 My own interest in English stems from the fact that I had very good English teachers when I was at school.
- 7 I think that mobile phones have resulted in more communication between people – it's so much easier to keep in touch with friends and family.
- 8 For me the main thing that contributes to the difficulty of phrasal verbs is the fact that one verb – like, say, *make out* – can have so many different meanings.

Unit 18

18.1

1 b 2 c 3 d 4 a 5 b

18.2

- | | |
|----------------------------|---|
| 1 reminds | 6 blocked |
| 2 conjure/stir/summon/call | 7 put |
| 3 flooding/coming | 8 stick (Note that stay is also possible.) |
| 4 associate | 9 store |
| 5 coming/flooding | 10 conjure/summon/call |

18.3 In each case the play on words depends on the literal meaning of the basic verb in the phrasal verb.

- 1 To stir up memories means to make memories, often unpleasant ones, appear in your mind. A cook stirs ingredients, e.g. the ingredients for a cake or batter for pancakes.
- 2 To conjure up memories means to make you remember things from the past. A magician traditionally conjures a rabbit out of a hat.
- 3 To call up memories means to evoke memories or make someone remember something. Another meaning of call up is to require young men to become soldiers.
- 4 If a memory sticks with you, then you don't forget it. Glue is used to stick something to something else. The first meaning of stick here is metaphorical and the second is literal.
- 5 If memories come flooding back, you suddenly remember a lot of things very clearly. When pipes burst – this typically happens if they freeze and then the ice melts – then there will be a flood.

18.4 Author's answers:

- 1 I associate my childhood with the colour green because I spent so much time playing in the garden at home.
- 2 The smell of lavender reminds me of my childhood because we had a lot of lavender growing in our garden.
- 3 The pop music of the 1970s always conjures up memories of my youth.
- 4 I would like to block out the memory of school dinners, particularly of the awful macaroni cheese we were forced to eat.
- 5 I think that music makes memories come back to me more powerfully, although smells can also be very potent.

Unit 19

19.1 1 If your currency bottoms out, then it will become expensive to buy things in dollars, or to travel to the USA. But more tourists might come to your country because it's cheaper for them. So you might be happy or unhappy depending on your circumstances.

19.3 1 When you've **finished with** the scissors, could you pass them to me? (Note the change to present perfect tense.)
2 They **wound up** the business in 2014 after a year of low sales.
3 OK, so who's **magicked** the bottle opener **away** / **magicked away** the bottle opener? It was here a minute ago!
4 We've had some setbacks but we'll **press on**.
5 I only **got up to** page 12 of the book before I got bored and stopped reading it.

19.4 1 Wind up means to finish/terminate something. It is also what you do to a non-electric clock or watch to make it work.
2 Sprout up means to suddenly appear. A Brussels sprout is also a vegetable.
3 Press on means to continue in a determined way. Dry cleaners also press clothes (remove creases by using an iron or a pressing machine).
4 Spring up means to appear suddenly. A trampoline has springs, which contract and expand, making it possible for a person to bounce up and down on it.
5 Training shoes are worn by athletes when running. To run out of money means to have no money left.

Over to you

Possible answer:

Soviet education was **founded on** the belief that all children could succeed given the right support. The school system was **based on** the teachings of Marx and Lenin, and it **aimed at** providing the best education possible for all pupils regardless of their social background. It must be remembered that, at the beginning, Soviet education had many problems to **contend with**. As well as widespread illiteracy and a low level of resources, there were plenty of people who **objected to** the new Soviet regime, saying that citizens were being **deprived of** basic freedoms. Although many people are critical of other aspects of Soviet society, it cannot be denied, however, that the authorities **invested** a great deal **in** the education system. This **catered** well **for** Soviet youth, most of whom **profited from** the education they received. Teachers were respected professionals who **devoted** themselves **to** their pupils, doing all they could to **interest** them **in** their lessons and **insisting on** high standards in the classroom. To summarise, if we **refer to** most contemporary accounts of the Soviet education process, we find that it **resulted in** a well-educated population.

- 3 You have to pick yourself up.
- 4 You turn around (or **swing around** perhaps if you do it very quickly).
- 5 They tense up.
- 6 They waste away.
- 7 You may double up (in pain).

- 44.3** I'm rather worried about my neighbour. I saw her the other day in the garden and she was doubled **up** in pain. She also looks as if she is wasting **away**. I asked her about it and she said she was just trying to lose some weight, but she clearly didn't like my talking about it and I could sense her tensing **up**. I think she's probably been doing far too much exercise. She spends hours outside bending **down** to touch the ground or spreading **out** her arms and swinging them in circles. I can see that she's in pain and I long to tell her to relax a bit.

- 44.4**
- 1 You must be freezing – do come inside and **thaw out**.
 - 2 Look at me – now **turn round/around**.

- 48.2** How you mark these sentences will in some cases be a matter of personal preference.

- 1 Your pipes at home freeze up while you are on a skiing holiday.
 You are likely to be unhappy about this as pipes that freeze up will probably later burst and cause a lot of damage.
- 2 You receive a letter that makes your face cloud over.
 You are likely to be unhappy.
- 3 You are walking by the sea when fog rolls in.
 Most people probably don't like it when it becomes foggy because it spoils the view, but some people may enjoy it.
- 4 You can hear the rain beating down outside as you sit by a big log fire.
 You are probably happy because you are warm and cosy when it is wet outside, but you may feel unhappy if – say – you know you have to go out later on.
- 5 You are on a long country walk and the rain holds off.
 You are probably happy – unless you are the kind of person who enjoys rain.
- 6 You have to give a speech at a friend's wedding and you freeze up.
 You are unhappy because you have become too nervous or anxious to give your speech.
- 7 You breeze through an important exam.
 You are happy because you very easily manage to do well in the exam.
- 8 You storm out of a meeting.
 You are likely to be unhappy because you left the meeting in an angry manner.
- 9 A group of friends start to freeze you out.
 You are likely to be unhappy because your friends seem to want to exclude you from their group.
- 10 You are sitting on the beach and the sun is beating down.
 Most people probably like this, but I for one don't like sitting in very hot direct sunshine.

- 48.3** Possible answers:

- 1 The sun is breaking through the clouds.
- 2 The rain is pelting down (and that person will get very wet).

Over to you

Author's answer:

I had a wonderful holiday once driving down the Rhone Valley with a friend and her husband. We **set off** from Switzerland, where they were living at the time, in their British car which had the steering wheel on the right-hand side. The problem was that her husband, the only driver among us, couldn't stand having another car in front of him. If a car **picked up** enough speed to pass us, he insisted on immediately **pulling out** to overtake it. Yet, because he was on the right-hand side of the car, he didn't have a clear view of the road ahead, so he'd **cut in** ahead of the car he'd overtaken in an alarming way to avoid crashing into the oncoming traffic. In the end we were **flagged down** by a policeman, who **told** him **off** for driving in such a dangerous way. Although we saw some great places, I was quite relieved when we **got back** to Switzerland without having had any serious accidents.

Unit 52

52.1

Possible answers:

- 1 Its aim was to find out whether claims of fraud were correct or not – and it discovered that the claims were justified.
- 2 By hushing up a scandal, the company is trying to keep it secret – which suggests that it is a scandal which might harm the reputation of the company in some way.
- 3 It is implying that the government is not being entirely honest with the public about possible health risks.
- 4 Because he/she does not want knowledge of the internal disagreements to become public in case the government loses public support. In other words, he/she is trying to hide this information in the same way in which wallpaper is sometimes used to paper over cracks in a wall.
- 5 It sounds as if it condemns their behaviour – this is suggested by 'cover up'.
- 6 The spy has given information about the way in which secret agents spied on diplomats.

52.2 1 f 2 g 3 a 4 b 5 c 6 h 7 e 8 d

52.3 As journalists it is our job to try to dig **up** stories that dishonest people are trying to cover **up**. Sometimes we are accused of spying **on** innocent people, but surely it is our duty not to allow people to paper **over** their scandals. Often it is not at all difficult to learn secrets. People are often eager to confide **in** someone who is willing to lend a sympathetic ear. Or they let **out** a secret without realising it. Little things like a blush or a quick glance at someone else can be a real give-**away** to an experienced reporter. Of course, sometimes people try to make **out** that they have nothing to hide, and then it can be a good idea to play **along** with them up to a certain point. Then you suddenly take them by surprise with an unexpected question and in this way you can often catch them **out**.
